RE: Discontinue Notification - Update

Dear Valued Customer:

We previously sent a notification of intent to discontinue the following premise cables in June 2022:

10GX13	10GX12
M58650	M58801
M58646	M58804
M58865	1351A
M58816	1352A
M58817	1533P
M58876	1533R
M58781	M58186
M58196	7851A
7852A	M57419
M57414	10GX24
1624R	1624P

Due to continued challenges in supply chain that timeline needs to be accelerated. Effective immediately, no new orders will be accepted for these products. Backorders that have been scheduled will be honored. New or unscheduled orders will need to be placed for the replacement code listed in the attachment. A limited amount of inventory may still be available for some of these products in specific colors or packaging. Please contact Customer Service for a stock check, as inventory may not be visible on eDesk. Any existing quotes that include these items, will be renewed with the replacement item, along with a notification in the quote notes.

In addition to the above list, 4812 and 4813, are also being phased out. Orders will be accepted for these items through September 30, 2022, with the intent to ship all backorders in Q4-2022 and be fully discontinued by 12/31/2022. Any quotes that include these items, will be renewed with the replacement item, along with a notification in the quote notes.

4812	4813
------	------

This simplified premise cable portfolio will help us streamline manufacturing operations, allow us to use limited raw materials in the most efficient manner and enhance the level of service we can provide to you. Thank you for your understanding and patience during this transition period.

If you have any questions or concerns, please contact Customer Service.

Thank you,

Josh Goyke
Product Manager, Smart Buildings
